**ROYAL CANIN**

CH. POMYWOOD'S PRETTY BOY FLOYD

Issue: AUGUST 2013

# PCOO 2013 SPECIALTY WINNER

## Ch. Pommywoods Pretty Boy Floyd

Here at Pommywood I am over the moon with my Best in Specialty win. It has taken 7 years to reach this point in my breeding program and to produce this stunning boy.

I sincerely thank Judge Mr. Roberto Velez-Pico for recognizing Floyd's quality and correctness to our standard.

It was a day that I will always remember and treasure.

Lynda woolley

## SPECIALTY CLASSES

### JUNIOR PUPPY DOG

- ABS** 081 TINYBEAR'S WILD CHILD, ZU495273, 10/24/2012, Breeder: Charles Rose & Dr. Paul Eckford, by Ch Starhaven Ohso Tan N Dark ex Tinybear's Premier Bella, Canada. Owner: Charles Rose & Dr. Paul Eckford.

## PCOO AGM, Minutes of Meeting - 13 July 2013

**Attendees:** Lynda Woolley (Vice President), Roberta Malott (Treasurer), Christine Surtees (Secretary), Dr. Paul Eckford, Judy Maltby, Larry Surtees, Walter McCarthy, Laverne McCarthy, Paul Malott, Tamara Follett

### 1. Call meeting to order

Meeting Convened at 3.10 p.m.

### 2. Reading of the Minutes of the Last Meeting

Informal minutes (no quorum) of the 9 June 2012 AGM were reviewed (see below)

**Motion:** Christine Surtees: to accept the informal minutes of the last AGM

**Seconded:** Dr. Paul Eckford

**Motion passed**

### 3. President's Report

Not available

### 4. Secretary's Report

Included below

### 5. Treasurer's Report

\$4,006.34 - as of Jul/1/13

### 6. Committee Reports

None

### 7. Unfinished Business

None

### 8. New Business

#### A) Elections

Larry Surtees (Election Chair) reported on the election process. Only 4 club members submitted nominations and they all nominated the current board members. The 2011-2013 Board was re-elected by acclamation.

#### B) 2014 Specialty

Location of the 2014 Specialty was discussed. People wanted to move away from a June/July specialty as the dogs are losing coat due to the heat. Christine presented information on the Kilbride and District Kennel Club who hold a show at the Milton fairgrounds the 2<sup>nd</sup> weekend in August. They have an international panel and welcome specialties. Milton is reasonable central considering the prevalence of breeders in the general area so we could hope for a decent entry.

**Motion:** Larry Surtees: Christine to contact the Kilbride Show Chair for information on 2014 panel etc.

**Seconded:** Tamara Follett

**Motion passed**

### C) Constitution and By-Laws

The C&BLs were last revised in 2002. A number of changes are needed to reflect the current environment. Among the necessary changes is the number of people required for a quorum, eligibility for the Board, electronic communications and voting, club mission statement. Christine will work up a “strawman” document for review by the Board then the membership. She will also check on any current CKC requirements that need to be updated.

Walter McCarthy raised a new issue - breeder advertising. He was unaware of the Breeder’s directory on our website and he would like to be able to offer new puppy buyers a “free” one year subscription to an electronic copy of the newsletter with a cost of the breeder of \$15.00. The issue of just publishing an electronic copy of the newsletter but again, people like receiving the hard copy and we will continue with hard copies for the immediate future. We discussed expanding the website to include articles on health, training, items of interest to anyone with a Pomeranian. We also discussed expand the newsletter to include more articles to replace lack of advertising and maybe printing it entirely in black and white unless we have 4 coloured pages. Bob Gibson has been keeping the website updated with the events, new membership lists, etc. Christine will talk to Bob to see if he is interested in working on an expanded website. If he is not interested Tamara offered her services as a new webmaster.

**Motion:** Tamara Follett: Christine to establish Bob Gibson’s interest in expanding the website

**Seconded:** Walter McCarthy

**Motion passed**

**Adjournment**

**Meeting adjourned at 5.20 p.m.**

## MINUTES OF THE 2012 ANNUAL GENERAL MEETING - JUNE 9 2012

**Present** – Board Members - Catherine Bolahood (Pres) , Lynda Woolley (VP), Roberta Malott (Treas)

Members: Michelle Catenacci-Dobbins, Sandra Beisal, Margaret Jennings,

**Meeting called to order at 2.40 p.m. As there was no quorum the meeting is unofficial**

- 1 Minutes from last year were read.
2. Treasurer's Report - \$3,739.73
3. Secretary's Report was read
4. Insurance was discussed. Roberta advised everyone to check with their home policies to make sure they had coverage for volunteer services. And that the club had no assets
5. Catherine asked if an audit has ever been done. Roberta advised never - not since she had been treasurer. And not sure how long before that. Catherine advised it was in the bylaws that an annual audit be done - yes - Roberta realizes it is in there - will do one upon her return from holidays.
6. Discussion re doing the newsletter online - Lynda advised she is on dial up and won't be accessible for her. Roberta advised if it was decided to do online - than someone else would have to take over.
7. Questions about why no new members - responses re bickering and negativity. - some people have to win and others have to lose - going to a dog show should be fun
8. Consider a discount for entry fees for club members - or a surcharge for non-members
9. Discussion re membership cards - possibly a pin
10. Should look at online board meetings. Entire Constitution needs reviewing - has been 10 years
11. Re the future show committees - more information should be forthcoming to everyone
12. Lynda suggested get-togethers - however because everyone is in various locations makes it difficult. Most people would not drive long distances to have lunch with someone

**Meeting adjourned at 3:30 p.m. June 9, 2012**

Minutes taken by Roberta Malott.

**THE POMERANIAN CLUB OF ONTARIO**  
**ANNUAL GENERAL MEETING - 13 July 2013**

**Secretary's Report**

**Total Membership - 28**

Singles  
8 Couples  
1 Life (2)

New members since the last report,

Tamara Follett, Louise Guyton, Marianne Arsenault, Judy Maltby

The people who chose not to renew their memberships.

Catherine, Wayne and Paige Bolahood, Sandra Beisal, Michelle Catennacci-Dobbin, Margaret Jennings and Patty Schiller.

A new Board took effect 1 January 2012. In June 2012 Catherine Bolahood resigned from her position as President as was replaced by long-time member Margaret Clark. 2012-2013 Board consists of:

**Executive:**

President -Margaret Clark, Vice-President - Lynda Woolley,  
Treasurer - Roberta Malott, Secretary - Christine Surtees

**Directors:**

East: Myra Brachfeld (Zone 5)  
West: Marg Clark (Zone 6)  
North: Rita Smith (Zone 4)  
Central - Annelies Davis (Zone 7)

There were no committees - other than the show committee - convened and there have been no board meetings since the last AGM.

There was a flurry of activity following the 2012 Specialty when a non club member chose to involve herself in the club's affairs by emailing the membership with her opinions on our club. The matter was resolved by the Board.

Christine Surtees  
PCOO Secretary.

# TinyBear Pomeranians

Congratulations to Lynda Woolley for her tremendous win at the 2013 specialty, and to all of the participants and this year's show committee for a terrific day!

We are looking forward to the 2014 specialty.

# FEATURE OF THE DAY!!

**BAHSTOY SILVER PHANTOM  
AKA "SHADOW"  
EARNS SECOND LEG OF  
RALLY NOVICE TITLE - ONE  
MORE TO GO!**

This little boy has overcome much of his anxiety, fear and has shown once he gets in the ring, his mind is on "working". He scored 99 out of a possible 100 losing 1 point because of a "tight leash" in one spot.

Shadow is a large boy, oversize for the conformation ring, so we wanted to give him a job. He is co-owned with Annelies Davis and a huge thank you Annelies for letting us have fun with Shadow.

# PERFORMANCE POMIS FROM AROUND THE WORLD

I got my first Pom in late 2005. I knew very little about the breed but my neighbour had recently purchased a Pom and I immediately fell in love with it and decided that was the dog for me. So we came home with "Yogi" a Light Orange Sable male and I quickly realised how intelligent these little dogs were.

Yogi loved to learn new things and do tricks so I enrolled him in obedience classes where he did very well, however I became a little bored and wanted something a little more challenging. I decided to try agility and signed up to a local club in 2009.

Yogi loved agility and learnt everything very quickly, and by 2010 we were competing.

Yogi is now almost 8 years old and holds the titles of JDM, ADX, SPDX, SD, GD. (Jumping Dog Masters, Agility Dog Excellent, Strategic Pairs Dog Excellent, Snooker Dog, Gamblers Dog). This year, at the Queensland State Agility Titles, Yogi gained the Strategic Pairs Excellent (SPDX) State Champion title in the 200 height category, with his friend Corky, a Boston Terrier.

In 2011, I decided it was time for another Pomeranian and I got "Gizmo" (kennel name Mervalin Panda) from Mervalin Kennels in Bundaberg, Queensland. Gizmo is a tri-colour parti Pomeranian. As with Yogi, Gizmo took to agility right away and absolutely loves it. We started competing last October when he was old enough. In his short time competing, Gizmo has already gained the titles of JDX, AD, SPD, SD (Jumping Dog Excellent, Agility Dog, Strategic Pairs Dog, Snooker Dog). At the 2013 Queensland State Agility Titles, Gizmo became the Agility Dog Excellent State Champion (200 height), and the Strategic Pairs Dog State Champion (200 height), with his friend Lilly, a Shetland Sheepdog.

We are looking forward to June 2014 when Queensland will hold the National Agility Championships. The "Nationals" is five days of events and dogs and handlers from all over the country will come to Queensland compete.

I'm told that Yogi and Gizmo are two of only six Pomeranians competing in dog sports in Australia. While they do very well in Agility, most importantly they are my best friends and loyal companions. At home they are my lap dogs and like nothing better than a cuddle on the couch. I also have other dogs of working breeds (Australian Kelpies and a Border Collie) but the Pomeranian breed holds a special place in my heart. I can't imagine my life without a Pom in it.

Jacki Brennan  
Queensland, Australia.

# The Pomeranian

## Wolf Sable Pattern

A rare and sometimes coveted pattern in Pomeranian coats is known as 'Wolf Sable'. Dogs dominant at the Agouti locus for the (aw) allele will express a wolf sable phenotype. This pattern is perhaps the oldest among animals. It is still present today in wolves and coyotes in the wild and several breeds of dogs as well as some rabbits and other rodents. A recent study (1) found that the allele is present in more than 18 breeds of dogs including: Eurasier, Border Collie, German Shepherd Dog, Dachshund, Golden Retriever, Vizsla, German Shorthaired Pointer, German Wirehaired Pointer, Brittany Spaniel, Akita, Shar Pei, Keeshond, Alaskan Malamute, Norwegian Elkhound, Siberian Husky, Swedish Vallhund, Standard Schnauzer, and Miniature Schnauzer.

Some of those breeds: Golden Retriever, Vizsla, German Shorthaired Pointer, German Wirehaired Pointer, Brittany Spaniel also have the (Kb) allele at the K locus which masks the presence of (aw). So those breeds can carry the (aw) allele, but don't express it. The remaining breeds, however, can express the wolf sable phenotype when the (aw) allele is present.

This list of breeds is not all inclusive. There are likely more breeds out there that were not included in this study. Due to testing availability at Canadian and American labs, the Pomeranian has more recently proven to carry the (aw) allele.

It should be noted that terms used vary between the breeds. Pomeranians with an (aw) dominant genotype, are known as 'wolf sables,' whereas the Dachshund is 'wild boar'. Standard Schnauzers are 'salt and pepper' and Shar Peis are known as 'patterned sables'. These dogs are all dominant for (aw) at Agouti but they have different names. Among the breeds that have the (aw) allele and the resultant wolf sable pattern, the colors involved can also vary. It can produce a banding pattern to the hair of "black-cream-black", such as one would expect in a Keeshond or Siberian Husky, or "black-red-black", such is often present in German Shepherd Dogs or Dachshunds. Some speculate that other colour combinations are possible.

It should be noted that the "wolf sable" pattern has more to do with the banding pattern than with a specific pigment shade. However banded hairs do occasionally show up on (ay) fawn/sable dogs as well, with some (ay) dogs appearing very similar to their (aw) counterparts. So the mere presence of a banded hair cannot guarantee an (aw) genotype. Some say that the 'spectacle outline' around the eyes and even the 'grey/silver' colour are also visual cues but this may not be exclusive to (aw) dogs. This is the problem. Many purported 'wolf sable' Pomeranians have proven through genetic testing to be regular (ay) orange or cream sables. As long as breeders cannot visually identify the (aw) true wolf sable, we may be at risk of losing the pattern from our breed. As the (ay) red/orange/cream sable allele is dominant to the (aw) wolf sable allele (2), it may be selected for in error thus dominating the gene pool. Breeders today are fortunate in that they have inexpensive DNA tools which can identify many patterns present in our dogs. By testing, breeders can eliminate the need for time consuming and sometimes costly test breedings and the unfortunate problem of misrepresenting a dog's colour/pattern in the official pedigree and to buyers.

**CH Pondside Wings of an Angel (Annie) CD  
CGN RN RA RE RAE1 (W-FD/MF), DNA-  
verified true Wolf Sable. Owned and bred by  
Roberta Malott, Pondside Toys.**

A simple buccal mouth swab test at one of the commercial labs such as Healthgene ([www.healthgene.com](http://www.healthgene.com), Toronto, ON) can save the breeder time, money and the embarrassment of selling a wolf sable that isn't truly a wolf sable. The test offered by HealthGene is a direct modification of what was used in the study (1).

#### From the Editor

Well, another Specialty has come and gone. I had fun, my boy did well in Rally, my girl not so good in obedience—just provides me proof that she and I need much more training.

The Specialty Dinner went over well, with the table favours made by one of our new members—Judy Maltby. They were gorgeous, and gave the table a regal look. Judy a huge thank you for your hard work in putting them together. And, for our entertainment after dinner. Judy is a fabulous

guitar player, and singer—and her singing was enjoyed by every one of us. Tamara, your help was beyond priceless—thank you for all you did to make the day go by smoothly.

*A point was made about the Pomeranian Club of Ontario website. There is an area on the website, where one can have their website listed, with a link to their site. The charge for this Breeders' Directory ad is \$20.00 annually. Just send an email to*

*Pondside.toys@sympatico.ca or  
pomkees@xplornet.com*

*Along with your website address. Payment may be made by cheque or email transfer.*

It was wonderful to meet new members, and great to see the regular faces again.

Remember, your articles, litter announcements, new champions, new titles, are all welcome for the newsletter. Let the rest of us know what is going on at your home.

Roberta

The club held a Booster at the Kent Kennel Club in April. Larry and I loaded the Poms in the motorhome and drove down on Thursday and came home Sunday. It was a miserable weekend for driving weather-wise, very cold and wet but the roads were not too bad and we made reasonably good time. Still, it is quite a trip from Almonte to Chatham. We had an entry of only 6 dogs, two being absent both Friday and Saturday. The winner was Ch. Crystalton Just for Wonderland. We provided a lunch of chilli, salad, bread, dessert and drinks to both the exhibitors and guests after the Booster and early Sunday morning we were on our way home.

This was an election year. Nomination forms were sent out to the membership and four responses were received. All four nominated the current board and the current board has agreed to continue in office for the 2014-2015 term. A full report is included in the Minutes of the AGM elsewhere in the newsletter.

The 2013 Specialty was held 13 July in Tillsonburg in conjunction with the London Canine Association's All Breed shows. A number of things fell into place keeping us in the black again this year. The LCA provided the majority of the specialty rosettes thereby greatly reducing our cost for rosettes. Both raffle prizes were donated so the total amount raised is all income. A really good entry at the Specialty resulted in a nice rebate and both the bags and all the stuff for the goody bags were donated. Two gift baskets donated were used for the armband draw and a draw at the dinner. Many thanks to those people who donated time and effort as well as "stuff" to make this specialty a success and to the exhibitor's and their dogs, 'cos that is why we do it! A full Specialty report and results are included elsewhere.

A plan to address the issues raised at the AGM is being prepared for Board approval and we will keep you advised of our progress.

As always, the Board welcomes member's feedback and comments.

# ALEXANDROFF POMERANIANS

presents

## ALEXANDROFF BOMB OF ATTRACTION

Exclusively handled by DeeDee Marchildon

Our Poms are raised on 100 acres in the southern part of Ontario. We have been raising Poms from 1998.

We have a wide variety of beautiful colors- White, Cream, Black, Black and Tan, Orange, Orange Sable, Cream Sable, Wolf Sable.

Pomeranians are very loving dogs and we raised puppies in a house.

Our puppies go CKC registered, Health Guaranteed, Health Insured, microchipped.

[www.alexandroffpomeranians.com](http://www.alexandroffpomeranians.com)

## **The Pomeranian Club of Ontario 2013 Specialty Report submitted by Christine Surtees**

The 2013 PCOO Specialty was held Saturday, 13 July 2013 in conjunction with the London Canine Association's All Breed Shows (11-14 July) in Tillsonburg, Ontario.

The LCA kindly put a large change room complete with its own washroom and shower and tables for setting up coffee or whatever. We took full advantage and laid out all the prizes and stuff to put in goody bags and went to work. I would like to thank Tamara Follett who did a great job putting prizes and bags together. The crown jewel in the goody bags were Pom shapes dog biscuits and a biscuit "flowers" made and donated by a new member Judy Maltby. We actually got most of the things on the "to do" list completed before we went off to show in the Booster on Friday afternoon. Following the show, it was back to the motorhome to start the BBQ for our Hospitality evening. As most of the exhibitors were arriving on Saturday we had a small group but our neighbours with Boxers and another couple with Bassetts join us as well as Mel and Joan Beech. Lynda said she and Judy would be late arriving so we keep the BBQ going till they arrive so everyone got fed. We had Hot dogs and Hamburgers generous donated by Thomas Curly. Unfortunately Thomas did not join us as he fell asleep right after BIS.

We had an entry of 5 dogs in Puppy Sweeps judged by Mrs. Nell Bennett and 23 dogs plus 1 EX only for the Specialty. Our judge was Mr. Roberto Velez-Pico from Puerto Rica. Joan Beech was kind enough to ring steward for both Mrs. Bennett and Mr. Velez-Pico, making sure the ring ran smoothly. Congratulations to Lynda Woolley and Floyd who were this year's Specialty winners. Also a Big Hurrah for "Shadow" (BAHSTOY SILVER PHANTOM) and Roberta for Highest Qualifying Score by a Pomeranian in Rally with a score of 99 out of 100. (1 point lost for Handler error!) Full specialty results are elsewhere in this newsletter.

Royal Canin was our main sponsor again this year donating food, towels, grooming aprons, etc. See our "Thank You to our sponsors" page for other sponsors of the 2013 Specialty. As you can see our trophy tables were loaded.

The armband draw for a basket of bath and shower products was won by Kim Dellow.

Following the All-Breed Show in the afternoon we retired to a nice air-conditioned room in the arena (the arena floor was HOT!) for the AGM. The minutes of this meeting are elsewhere in this newsletter. Please read them, the Board welcomes your comments and or questions regarding the meeting.

We held our Specialty Annual Awards dinner in the same nice air-conditioned room catered by a local caterer. We had a variety of wraps, sandwiches, salads and desserts. Drinks, etc. were provided by the club. We were a small group but did we have fun! Judy brought her guitar and entertained us after dinner. This lady has an amazing voice and we have already asked her to sing for us next year. The raffle for the two pieces of jewelry was drawn at the dinner. The beautiful necklace with a pewter Pom on it was won by Dr. Paul Eckford. Paul was the last person to buy a ticket! Roberta Malott was the lucky person who won the glass piece donated by JoBling Creations. We also did a draw for a basket of dog stuff donated by Lynda and won by her friend Judy.

We had just a few awards this year and they were:

**Top Dog** (in this case a Bitch)

Ch. Tinybears Ella Quent Lady - Breeders:/Owners: Rick Rose and Dr. Paul Eckford

**Best of Opposite to Top Dog**

Ch. Pomywoods Pretty Boy Floyd - Breeder/Owner: Lynda Woolley

**Top Obedience**

Coronation Pondside Alligator, CGN, RN, PCD - Breeder: Elizabeth Gilmer/Owner: Roberta Malott

**Top Companion Pom**

Pomamania's Terry - Breeder: Brenda Gibson, Owner: Myra Brachfeld

**New Champion**

Ch. Pomywoodd Twilight Reign - Breeder/Owner: Lynda Woolley

**New Title**

Coronation Pondside Alligator, CGN, RN, PCD - Breeder: Elizabeth Gilmer/Owner: Roberta Malott

We had a number of people comment on how well they thought the weekend went and to "please let us know when and where the PCOO will hold their 2014 Specialty as we want to come". As you will see from the Minutes of the AGM, we are looking at Milton for the 2014 Specialty. Look forward to seeing you all there!

# CH. POMYWOODS PRETTY BOY FLOYD

Sire: Ch. Cheyene's Praire Thunder  
Dam: Ch. Pomkees Pure Pleasure

Many thanks to Judge Roberto Velez-Pico for Floyd's BISS win

### **\*\*\*OUR NEW PUPPY\*\*\***

“My family brought me home, all cradled in their arms. They cuddled me and smiled at me and said I was full of charm. They played with me and laughed with me and showered me with toys. I sure did love my family, especially the little girls and boys.”

“The children loved to feed me; they gave me special treats. They even let me sleep with them – all snuggled in the sheets. I used to go for walks, often several times a day. They even fought to hold the leash, I’m very proud to say.”

“These are the things I’ll not forget – a cherished memory. Now that I’m in the shelter – without my family. They used to laugh and praise me when I played with that old shoe. But I didn’t know the difference between the old one and the new.”

“The kids and I would grab a rag, for hours we would tug. So I thought I did the right thing when I chewed the bedroom rug. They said that I was out of control, and would have to live outside. This I didn’t understand, although I tried and tried.”

“The walks stopped, one by one, they said they hadn’t time. I wish that I could change things; I wish I knew my crime. My life became so lonely in the backyard, on a chain. I barked and barked all day long to keep from going insane.”

“So they brought me to the shelter but were embarrassed to say why. They said I caused an allergy, and then they each kissed me goodbye. If I’d only had some training when I was a little pup, I wouldn’t have been so hard to handle when I was all grown up.”

““You only have one day left, I heard the worker say. Does that mean I have a second chance? Do I go home today?”

-Anonymous

## **COOKING WITH DOG HAIR**

"The proper way to cook with dog hair"

by Mary E. Wolley

Do you remember how embarrassed you were the last time you had company for dinner and when they dug several dog hairs from your best gourmet effort? This is because there is a right and a wrong way to cook with dog hairs.

First, we must remember each dish calls for a different variety. If you are unfortunate enough to own only one variety, I'm sure you can come up with a friend who will be willing to lend you the proper variety of hair or you could even order a rare variety, as they are light and easy to mail. There are many dishes that are basic to most menus and these can always be spiced up with the buff variety, which are especially useful when baking biscuits, pastries and yellow cakes. The black and tan hairs go well with fall dishes, Thanksgiving turkey, mince or pumpkin pies or even yams. Black, of course is for your roasts, steaks, ribs and hearty dishes, including stews, which carry black hairs well.

Naturally chocolate color hairs will go well with most desserts, unless you serve a very light Jell-O type dessert, in which case go back to the silver buff. If you are especially interested in foreign foods, most varieties can be used in Mexican, Japanese and Chinese cooking. In fact, any nationality food will accept most dog hairs without hurting the flavour.

A good rule of thumb to remember which dog hairs go with which dish is--use them as you would a good wine--white wine and light hair with the delicate dishes, dark wine and dark hair with the more robust, heartier dishes. For a special touch to finish your meal with a flourish, add the long-forgotten finger bowls with a few hairs of assorted colors floating in them. Your guests will be astounded, and so appreciative of your unexpected elegance!

Enjoy!

# Saving your pet with CPR

With pets increasingly being treated like a member of the family, many owners are learning emergency techniques like CPR to keep their pet alive before bringing it to a veterinarian.

If there is no breathing and no pulse, begin CPR immediately.

## Areas to check for pulse

## Check for breathing and pulse

Check pulse using middle and index finger below the wrist, inner thigh (femoral artery), below the ankle or where left elbow touches the chest.

## Look for other warning signs

- Gums and lips will appear gray-colored.
- Pupils will be dilated and not responsive to light.

Gums

Pupils

## If not breathing, give breath to animal

### Cats and small dogs

Place your mouth over its nose and mouth to blow air in.

### Medium-large dogs

Place your mouth over its nose to blow air in.

## Heimlich maneuver

If breath won't go in, airway may be blocked. Turn dog upside down, with its back against your chest. Wrap your arms around the dog and clasp your hands together just below its rib cage (since you're holding the dog upside down, it's above the rib cage, in the abdomen). Using both arms, give five sharp thrusts to the abdomen. Then check its mouth or airway for the object. If you see it, remove it and give two more rescue breaths.

## Start compressions if no pulse

Lay animal on right side and place hand over ribs where its elbow touches the chest. Begin compressions. Do not give compressions if dog has pulse.

## Repeat procedure

- Check pulse after 1 minute and then every few minutes.

- Continue giving CPR until the animal has a pulse and is breathing.

- Stop CPR after 20 minutes.

| Animal size                   | Compress chest | Compressions per breath of air |
|-------------------------------|----------------|--------------------------------|
| Cat/small dog (Under 30 lbs.) | 1/2-1 inch     | 5                              |
| Medium-large dog (30-90 lbs.) | 1-3 inches     | 5                              |
| Giant dog (over 90 lbs.)      | 1-3 inches     | 10                             |
